

#### A Level Graphics transition - Task 4

**Packaging design /Packaging display research** – conduct basic research into innovative packaging or ways products can be displayed using internet (or anything at home if you can). Present images on a page – remember you do not need to annotate properties of materials, but you can comment on aesthetic qualities if you plan to take inspiration from them.

**Packaging design** – sketch a range of packaging designs for your fragrance bottle/vessel. Innovative & varied taking inspiration from your research. Try and create innovate or interesting designs. Aim for around 6 design ideas.
