

## Instructions. Summer Spanish Assignment for A level. Due: 1st lesson back in September.

---

The following tasks are extremely crucial to complete. They will give you a solid foundation to start the course. Failing to do them all will put you in serious disadvantage back in September.

- **Document 1:** record yourself reading the transcripts aloud (pages 2, 3 and 4). Save MP3 audio file and send it to [Angel.Mina-Mora@sns.hackney.sch.uk](mailto:Angel.Mina-Mora@sns.hackney.sch.uk).

You can use a smartphone to record them all. The expectation is that you read with clarity, standard speed and comprehension. So, you need to study the transcripts and understand them well before recording yourself reading.

Complete reading tasks on pages 5 to 14 of **Document 1**. In September, you will see the answers in class so you can see how you did. **Remember to identify your work with your full name.**

- **Document 2:** Analyse the speaking exam paper sample from the exam board.

Write the translation for each question. I repeat, just write the translation for each question in the document.

The idea is that you become fully aware of the topics and types of questions you will need to answer in the official speaking exam.

There are 48 questions (4 per page; 12 pages). Please, print and write the translation under each question. **Remember to identify your work with your full name.**

**If you cannot print**, you must produce the work with excellent presentation standards. The teacher must be able to see that you have produced the 48 translations. You must use a format that clearly indicates the page number and questions 1 to 4 translated. If the work is not neat or the layout is complicated it will be rejected.
