Vacancy x 4	Co-opted	-					
Vacancy	Local Authority	-					

Guidance Note

*This register should be completed annually **as per statutory requirements** and the Nolan principles of transparency and accountability. It should be updated every time governor circumstances change, or a new governor joins. Each governor's declared interests should be entered in the register. This includes all governors including Headteacher and associate members. The register does not have to go into great detail, as long as it makes clear to the public that there is an interest. Schools should ensure this information is published on their website in a "readily accessible form" (on a webpage without the need to download / open a separate document). We recommend that governors declare their interests before the beginning of each school year.*
